Dear Special Programs Examiner Oleksa:

Applicants hereby present a Renewed Petition for the above-identified United States Patent Application. This Renewed Petition is provided in response to the Dismissal of the Petition under 37 CFR 1.47(a) dated December 24, 2002 for which a request for reconsideration of the Decision is due on February 24, 2003.

It is respectfully submitted that no fee for filing this Renewed Petition is due. However, if a fee is due, please charge the fee to Deposit Account 07-0832.

Upon receipt of the Decision dismissing the original Petition under 37 CFR 1.47(a) for the above-referenced United States Patent Application, the Assignee once again attempted to reach Mr. Ricardo Haro. Mr. Haro is the only inventor who did not previously sign the Declaration for the subject application.

In this subsequent attempt to contact Mr. Haro, the Assignee was successful. Mr. Haro contacted Mr. Jack Schwartz, Assignee's Representative, and subsequently executed

the Declaration for the subject application and returned the Declaration to the Assignee for filing with the United States Patent and Trademark Office. The executed Declaration is attached hereto. A Declaration executed by the other co-inventors of the subject application was filed with the Response to the Notice of Missing Parts included with the Petition under 37 CFR 1.47(b) filed on May 28, 2002.

As Declarations executed by all named inventors have now been provided to the United States Patent and Trademark Office, it is respectfully submitted that all the filing requirements have been met and that the present application should now be examined.

Should there be anything else required in order to meet the filing requirements of the United States Patent and Trademark Office and place this application in better form for examination, the Examiner is respectfully requested to contact the undersigned attorney.
